DEAR VISITOR, BUY PUBLIC TRANSPORT TICKETS WITH YOUR **PAY CARD**

The FALA System offers all visitors to the region easy purchase of electronic tickets. Use the devices mounted on board of buses and trams.

**You need not open any account, or download any app.
All you need is your pay card.**

If you touch your card on **the reader** at the door to the vehicle, the system will record one full-fare, single-journey ticket for you.

Note! You will not buy several tickets by touching the card on the reader several times.

If you want to buy a reduced-fare ticket or several tickets, use **the falomate** in the middle section of the vehicle. Select the tickets you want to buy on the touchscreen, confirm the transaction, and pay by touching your card on the terminal.

Note! On inspection, touch the card you used to buy the tickets on the inspector's device.

You can use the FALA system in:
**Gdańsk, Sopot, Gdynia,
Słupsk, Chojnice, Lębork,
Puck i Władysławowo**
